Talking About Your Work as a Tech Leader

1. How would you briefly introduce your current role to someone outside the tech industry
2. What does a typical day or week look like for you as a tech leader?
(You can mention meetings, team management, technical decisions, or strategic planning.)
3. What is the most exciting project you have worked on recently? Why was it exciting?
4. What are some of the biggest challenges you face when leading a technology team today?
5. How has technology changed the way you lead your team in the last few years? Give examples.
6. Can you describe a situation where you had to make a difficult decision related to technology or people management? What happened?
7. What skills do you think are most important for a successful tech leader in today's world?
8. How do you stay updated with new technologies and industry trends?
9. In your opinion, what will be the most important trends in your field in the next 3-5 years?

10.If you could change one thing about your current work environment or industry, what would it be and why?

Follow-up & Reflection

1. Which part of your work gives you the most satisfaction?
2. Is there anything about your job that you would like to talk more about or that you find particularly interesting?
