Tips

1. Here's a clear and useful set of reminders:
2.
 1. **Simple Past:** Remember to use **did not** (didn't) and revert the main verb to its base form (e.g., went → **did not go**).
 2. **Continuous Tenses:** Ensure the **be** verb (am/is/are/was/were) moves correctly for questions and takes **not** for negatives. Keep the **-ing** form of the main verb.
 3. **Future:**
 - With **will**: Use **will not** / **Will ... ?**
 - With **going to**: Move the **be** verb (am/is/are) for questions and negatives (e.g., She **is not going to...** / **Is she going to...?**).
 4. **Present Perfect:** Use **have/has + past participle**.
 - Affirmative: I **have eaten** / She **has visited**.
 - Negative: I **have not** (haven't) **finished** / She **has not** (hasn't) **arrived**.
 - Question: **Have** you **ever** tried...? / **Has** she **called** yet? Common time expressions: already, yet, ever, never, just, for, since.
